# Plantation Shutters

## Woodlore Shutters

With crisp, clean colours, the Woodlore range offers endless decorating possibilities and will provide a distinctive accent to any home.

Manufactured in a highly engineered wood composite, the Woodlore shutter is durable, scratch resistant and suitable for a vast array of applications.

Available in 6 classic colours, the Woodlore shutter is a perfect choice for your busy lifestyle. Woodlore shutters will compliment your decor style with performance that makes life easier.

The Woodlore shutter range is available in 63mm, 89mm and 114mm louvre widths.

## Woodbury Shutters

The Woodbury shutter is produced from a highly resilient ABS co-polymer material, specifically formulated for strength, durability and performance.

This material features UV inhibiting finishes that are tested for high heat deflection to minimise the risk of warping, chipping or cracking even in the most extreme temperatures.

Water resistant, durable and available in speciality shapes, the Woodbury shutter range provides a vast array of solutions for your window.

## Sussex Shutters

The Sussex range provides a uniform appearance with a rich wood character, offering the ultimate expression of elegant window furniture design.

Sussex shutters are available in speciality shapes and can be customised for any window, shape and size. Solid raised panel and louvre combination panels are also available, creating unique functionality shutter design for all applications.

Sussex shutters are crafted by hand from premium white teak and finished with a silky smooth palette of 18 solid and 33 stain colours. In addition to this gloriously wide colour range, the Sussex shutters can also be custom painted in any colour from the Dulux Series 2 Specifier. Norman Shutters also provide perfect tilt motorisation, with pre-set angled positions, single or multiple panel movements and no hard wiring required - the best shutters in the world just got better

# Plantation Shutters

## Normandy Shutters

The natural warmth and subtle texture of Phoenixwood has been artfully enhanced with a contemporary array of 18 paints and 33 stain finishes. In addition to this colour selection, the Normandy shutter range can be custom painted in any colour from the Dulux Series 2 Specifier. Crafted by hand from premium hardwood, the Normandy shutter range is the ultimate expression of your personality and lifestyle.

The Normandy shutter range is available in speciality shapes and can be customised for any window, shape and size. Solid raised panel and louvre combination panels are also a great option for any room dividers. The light weight nature of Phoenixwood provides a versatile shutter product for many design and décor applications.

The Phoenixwood shutter range is available in 63mm, 89mm and 114mm louvre widths.

## Basswood Shutters

Basswood is native to many countries in the northern hemisphere and originates from the Genus Tilia.

Basswood is amongst the straightest of hardwoods and it's strength along with it's lightweight makes it ideal for the manufacture of timber Plantation Shutters. Basswood is widely used in the furniture industry and is known as furniture grade hardwood, it is easily worked having little grain therefore making it ideal for painting and staining.

All Timber Plantation Shutters at Nepean Blinds & Doors are manufactured with a mortise and tenon joint for superior strength and durability ensuring the life expectancy of your investment.

## Aluminium Shutters

The Nepean Blinds Vueline Aluminium Shutter is made from high tensile grade Aluminium with stainless steel hardware which in turn provides a durable, low maintenance product suitable for internal and external applications.

The Vueline Aluminium Shutter has been designed as a modern, functional shutter which is aesthetically appealing for patios, balconies, outdoor living areas, verandas, carports or internal/external window coverings. Using only the highest quality finishes which is backed by a 7 year warranty, Vueline will create maintenance free durability and style to your office, home or commercial environment.

Available in any colour from the Dulux Powdercoating range the Nepean Blinds & Doors Aluminium Shutter is amongst the best on the market and is ideal for all Hinged, Sliding and Bi-fold applications.

# Blinds & Curtains

## *Roller Blinds*

The simplicity of the roller blind harmonises comfortably into any décor style and adds elegance with a vast selection of fabrics, colours and textures.

Curtains provide you with the flexibility for controlling sun, light and privacy. Choose from a fabric range that includes sheer, light filter and light block styles for all your specific requirements.

Enjoy the superior insulation qualities that custom made curtains will provide throughout your home.

# Outdoor Blinds & Awnings

## Pivot Arm Awning

Pivot Arm Awnings are an ideal way to cool the second level of your home, as they can be internally operated either by cord lock or a geared system.

Pivot Arm Awnings can also be motorised either with a wall switch or a fully remote rts system, leaving your window completely free of any cords which may detract from your decor.

There is a huge selection of fabrics and colours to choose from including sunscreen materials which will not detract from your view, right through to full canvas blockouts.

All Fabrics come with a full 5 year warranty which is backed by reputable manufacturers including Hunter Douglas, Defab and Halifax Vogal Group.

## Ziptrak

Outdoor living is becoming more popular by the day, and with Ziptrak all your outdoor problems are solved.

Operated either manually or by remote controlled motorisation Ziptrak side channel outdoor blinds are the best way to enclose your outdoor area without restricting your vision.

Available in Clear or tinted PVC along with our screen fabric will give you the convenience of either enclosing the room on a cold night or opening up the room for that beautiful summers day.

If you would prefer not to have side channels, you can replace them with our sleek designed stainless steel guide wire system.

All Fabrics (excluding clear and tinted pvc) come with a full 5 year warranty which is backed by reputable manufacturers including Hunter Douglas, Defab and Halifax Vogal Group.

## Folding Arm Awning

Folding Arm awnings that can extend out from your roof line over the patio or deck will expand your living areas and allow you to enjoy the benefits of being in the outdoors whilst protected from the weather. Easily retractable, this awning is perfect for when you don't desire a permanent fixed roof over those outdoor areas.

These awnings are available with many options including Motorisation, sun and wind sensor and full C bus integration. There is a huge selection of colours to choose from in our acrylic range of materials which also offer a 5 year warranty

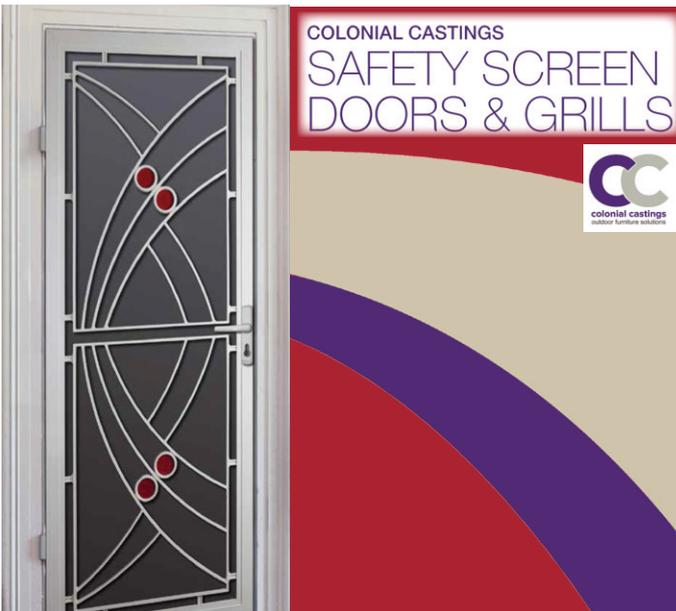

# Security Doors & Screens

## *Amplimesh Supascreens*

SupaScreen offers the comfort of fresh air flowing through your home allowing you to enjoy the clear and unobstructed views of the outdoors. The strength and durability of SupaScreen security doors and windows screens offer the peace of mind that comes from knowing your family and home are secure. Made from high tensile, stainless steel woven into a fine mesh, SupaScreen has the very latest in security products technology.

SupaScreen also comes standard with a superior 3 point locking system to ensure the safety of your home. SupaScreen is assembled using a unique patented pressure process that eliminates the need for screws, rivets, joins or snap-ins. The process ensures that no metal surfaces come into contact with each other, eliminating the possibility of corrosion, SupaScreen is covered by a ten year warranty and is also suitable for Petway doors which are available in a wide range of colours to suit.

## *Colonial Castings*

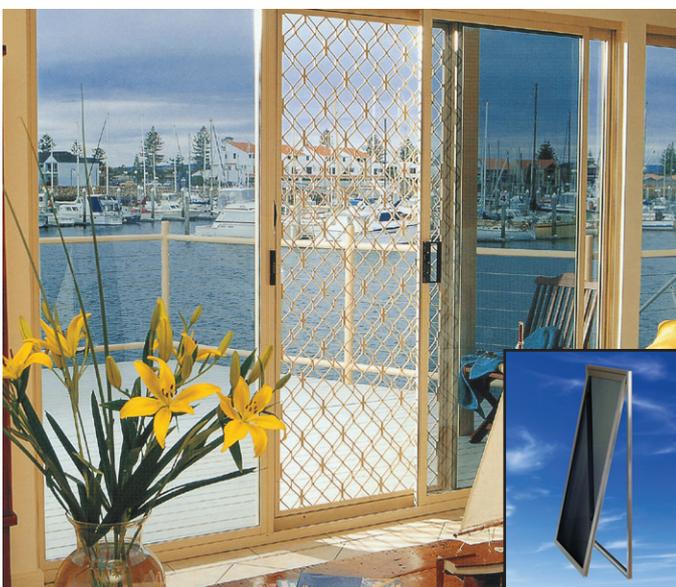

Ask for a brochure to see our full range of decorative screen doors from Colonial Castings, you will be amazed at how many styles are available, from a modern contemporary look right down to blending in with your older style renovation.

Colonial Casting screen doors are also available in numerous colours from the Dulux powdercoating range and are updated constantly to keep up with changing trends in the market place.

Available with 3 point locking systems ensures your Colonial Casting door will be safe and secure from intruders and with a 2 year warranty on powdercoating giving you piece of mind with your investment.

Rust will also never be a problem as all door inserts are gravity die cast in 100% recyclable aluminium, which is also known for its durability and strength.

With Colonial Casting doors you can also choose from a range of mesh including Stainless steel, Aluminium and our ever popular one way vision-mesh for your added piece of mind.

## *Securamesh*

Breakthrough protection for your home and family! As more and more households are falling victim to attempted break-ins, you can't go past Securamesh for all your windows and doors. Available in single or double diamond and a wide variety of Dulux powdercoat colours the Securamesh door will no doubt be the choice to keep your family safe. 3 Point Locking is almost essential these days and is the perfect addition to securing any screen door providing that vital deterrent and effective protection against uninvited guests entering your home.

Hard to break in, easy to break out is the way we describe our Supascape system from Amplimesh, The Supascape fire window screen system comes with an open outward keyless emergency exit, securing all your windows whilst ensuring your family's safe exit in case of an emergency. This system can be top hung, side hung or sliding depending on the type of application. The system also provides an easy access for cleaning.
