

PRODUCT FACTSHEET

HOME SAFETY SOLUTIONS

Improve the security of your home with the peace of mind that Safety Doors bring.

Having the added benefit of keeping those pesky insects outside where they belong. Safety Doors are available in hinged or sliding options making them suitable for almost any doorway. Don't ever worry when away from home as Safety Doors can be fitted with a triple lock system.

SAFETY DOORS

Technical Info

Mesh

You can choose from a range of different meshes:

- Stainless steel 0.6mm: 304 grade, 0.6mm woven stainless steel mesh that meets BAL-40 of the Australian Bushfire Standard.*
- Fire Mesh (Stainless Steel Mesh): using non-corrosive 316 grade mesh, this fire mesh has an aperture of less than 2mm and great for bushfire prone areas.
- DVA: available in a wide range of powder coated colours. Creating a sense of privacy when it's lighter outside than it is inside.
- Paw proof mesh: a heavy duty fibreglass mesh capable of withstanding abrasions from most pets.
- Fibreglass: standard mesh
